

# Ride a Horse

**\$ 75.00** *Reservations suggested,  
but walkups welcome*

There are few experiences that compare to riding a horse on the beach! Horseback riding on the beach is one of Virginia Beach's most prized and newest attractions! We are one of a select few places on the East Coast that boast this unique exciting activity.

No experience is necessary! The minimum age requirement is 6 years-old. A horseback guide accompanies each ride. The horses are specially trained to handle beginners and are quite gentle.

Each ride is approximately 45 minutes. Meander up or down the beach and enjoy a lively view of the Atlantic Ocean while passing envious onlookers. Feel the salty gentle breeze while you discover the thrill of riding on sand and in and along the water's edge. This is not just an ordinary trail ride, so call ahead to insure your availability. Please plan on spending one hour for simple instruction and ride.

Trail rides are also available in Pungo. Pungo is the southeast portion of Virginia Beach. A lovely 20 minute drive past beautiful farms and agriculture takes you there. Summer Day Camps are also held at the horse farm in Pungo.
